## PERSONAL STATEMENT EXAMPLE

Please see below for an example of a postgraduate application to a Business and Management course at a UK university.

**SAMPLE ONLY**

My career goal is to assist a non-profit organisation to expand its services and reach globally. I want to help NPOs to achieve a suitable balance between the competing goals of maintaining solvency (with sufficient funds for activities) and social efficacy. I believe that working for a management consulting agency specialising in non-governmental organisations will allow me to attain my goal.

### Career Objectives

Clearly state what you wish to achieve by studying this course.

### Previous Studies

Your education history and how it relates to what course you are applying for.

At undergraduate school, I read sociology to study more about human nature, organisation and drives. For my graduation thesis, I researched non-profit organisations, particularly in China in terms of structural and legal problems, and the future of non-profit organisations.

While I was at high school and university, I was very involved in activities ranging from local to global. From the first year, I worked for a variety of non-profit organisations as a counsellor at City Hall.

After graduating, I chose to work for a consulting company to gain consulting skills. I gained great experience in analytical skills such as marketing research, data analysis, and personnel evaluation.

I was involved with many practical activities related to establishing new organisations, helped to plan charity events, and spoke on a lecture circuit about many themes of non-profit sectors. Besides these local activities, I also participated in many worldwide conferences such as the 1st International Youth Conference in Kenya, held by the *World Youth Alliance* during my stay in London. During the past ten years I have been engaged in many NPO activities, encountered more than 200 organisations all around the world, and gradually become intrigued by not only the practical activities but also the management aspects of organisations. The question: what is the best way for these organisations to be managed from the viewpoint of commitment to their mission and how to balance profitability and sociality?

### Work Experience

What voluntary or paid work you have undertaken which gives you experience in this specific area of study.

### Why you wish to study in the UK

I wish to live and study in Britain to experience a liberal culture that exposes me to new ideas and perspectives, this will help me to develop a global outlook.

To achieve my objective, it is imperative for me to gain a sophisticated and wide knowledge of all aspects of business and particularly management. Thus, the postgraduate Business and Management programme at your university is the best course for me because this course will not only allow me to obtain essential skills like specialised management and marketing research but also help to hone my logical abilities and inspire me to visionary ideas for the coming future.

### Academic Objectives

How this course will benefit your future career.

## ARE THEY IMPORTANT?

Your reference letter gives you credibility, convincing admissions officers of your past success and future prospects.

## Employer Reference Letter

Please read below for an example of a business reference letter of a student applying for an MBA.

## THINGS TO REMEMBER:

- Choose an appropriate referee
- Print on official company or university letterhead/envelope
- Explain your relationship with the referee
- Express confidence that you will complete the course
- Don't forget the signature of the referee

## Academic Reference Letter

Please read below for an example of an academic reference letter of a student applying for a degree in Social Psychology.

**It is my pleasure to recommend Ms. Smith for admission to your program. I instructed Ms. Smith in her junior and senior years in my regular Social Psychology class held once a week and in my Social Psychology seminar.** Also, I gave her guidance on her graduate thesis as the instructor in charge.
